COUNTY NEWS.

Local Items of general interest to a majority of our readers, especially distant friends.

TO CORRESPONDENTS.—Mail your items early so they will reach our office not later than Tuesday morning—Monday if possible. News received after that will not be published unless of unusual importance. Advertise no one's business, and write on one side of the paper only.

BELKNAP.
S. P. Allen is in Winchester this week visiting his son, Lee.
Sherman Freeman has gone to Mt. Sterling to purchase a horse.
Burl Burchwell, of this place, has moved to Johnson, near Elmore.
A. J. Crase, of Burkhardt, is teaching a singing school on the Frozen fork.
The young people report a nice time at a social given by Miss Anna Center Saturday night.
J. B. Huff, who recently bought a farm from Jim Oney near Burkhardt, is preparing to move.
Lincoln Fletcher, who got his foot crushed very badly some time ago, is able to hop around on his crutches.
Rev. J. Logan Center has just returned from Camp Christy, in Breathitt county, where he has been holding meeting. He reports a good meeting.
The suit between Geo. W. Center, plaintiff, and W. T. Walter, defendant, which has been pending in the Morgan fiscal court, was postponed today on account of absent witnesses.

Dec. 20. CORRESPONDENT.
Rich Men's Gifts Are Poor
beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman," writes Mrs. O. Rhinevaunt, of Vestal Center, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body and brilliant health. It quickly cures nervousness, sleeplessness, melancholy headache, backache, fainting and dizzy spells; soon builds up the weak, ailing and sickly. Try them. 50c at all dealers.

BURKHART.
Pres Bailey bought a mule from Em Phipps, of Belknap, for \$150.
Miss Maggie, the little daughter of Marion Bailey and wife, is on sick list.
Miss Emma Elam is very much elated by a prospective call from Peter Wages, of Netty.
C. F. Lykins and Elbert Sparks, of Malone, were in this neck of the woods last week attending to business matters, and calling on old friends.
Taylor Elam and brother-in-law, Will Clair, of Lee City, were here last week visiting Mr. Elam's father, Uncle John Elam, and other relatives.
Revs. Andrew Crase and John Burkhardt, of this place, visited the singing school at Belknap last Sunday. Mr. Crase was converted during the big revival held here by Rev. Bill Yocum last spring. He recently took up the ministry, and is a very fluent talker.

Dec. 20. NAT.
A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all dealers.

LANDSAW.
J. M. Tester went to Gillmore Saturday on business.
Rollin Combs went to Jackson Saturday, returning Monday.
Maude, the little daughter of George Brooks, died Saturday.
T. C. Hollon bought two calves from Robert Rose today for a private price.
D. B. Center, of Hazel Green, came over last week and sawed for E. T. Kash.

MURPHY.
Bertha Murphy, of near this place, is on the sick list this week.
Many cattle passed through here last week en route to Mt. Sterling market.
T. K. Murphy, of this place, sold a pair of mules to Clifford & May for \$355.
George Pack, of Arcola, Ill., is visiting friends and relatives at this place.
The Oldfield brothers, of Mize, passed through here en route to the Mt. Sterling tobacco market.
Say, "Bud," be good, it's just a few more days until Santa Claus comes. Dr. Cook saw him up at the North Pole laying in his winter goods, but later reports say Doc lied.
Dec. 20. GUESS.
If you are suffering from biliousness, constipation, indigestion, chronic headaches, invest one cent in a postal card, send to Chamberlain's Medicine Co., Des Moines, Iowa, with your name and address plainly on the back, and they will forward you a free sample of Chamberlain's Stomach and Liver Tablets. Sold by all dealers.

MURPHY FORK.
Last week Mrs. Gilly Igo moved from Roe branch to W. H. Murphy's place.
Ben Murphy left Thursday for Mt. Sterling market with a bunch of hogs, cattle and mules.
Miss Ethel Cecil, of Consolation, spent Friday at the bedside of Miss Cora Murphy, who is no better.
Prof. Kelly Wheeler, of our school, spent Saturday and Sunday with homefolks, at West Liberty.
The baby of William Ayers and wife is very sick at this writing with pneumonia and whooping cough.
Andrew Cecil, better known as Lovey Dovey, spent Saturday and Sunday with his grandparents, at Consolation.
It seems that Santa Claus is ahead of time, for last week Andrew Cecil received as a present a very fine saddle from his parents. The gift pleases him greatly.
Ben Murphy, who owned seven shares in the Hazel Green Bank, sold three shares to Tom Lee, of Consolation, for a pair of young mules, leaving Ben four shares, perhaps to be disposed of later.
When Rev. Green Brown gets moving in his head, you just can't hold him; he's bound to go. Last week he departed from W. H. Murphy's place and is now resting quietly on the farm of J. S. Pierratt. As the old saying goes, it is W. H. Murphy's loss and J. S. Pierratt's gain.
Dec. 20. PANSY.

MALACA.
Rev. Henry Taylor preached at Hurst Sunday to a large and attentive crowd.
T. A. Childers is contemplating moving to Wisconsin. We hate to see him go.
Porter Lawson gave an old time dance Friday night and all seemed to have a nice time.
James S. Tester visited Ben and Richard Hurst, at this place, Saturday and Sunday.
H. B. Lyons of Scranton, Menifee county, moved to the band mill at this place Thursday.
"Shooting" Isaac Combs, of Campton, moved to the Hurst school house a few days ago.
A little daughter of Geo. Brooks is very ill with something like dropsy. Dr. D. H. Kash is attending her.
C. F. Garringer, of Lee City, has moved his saw mill to the timber on the Engle place, on the head of Stillwater.
Roy Hurst, who is teaching at Belknap, visited home folks Saturday and Sunday, returning to his school Monday.
Filmore Neely, who is running the gang edger at the band mill, left for his home in Virginia Saturday. He will return about New Year.
The band mill at this place is out of repair and it will be some time before it will be going again, as they have to send the engine to Winchester for repairs.
Dec. 20. SHARP SHOOTER.

LOUISVILLE TIMES OF DEC. 31
Twenty-Fifth Anniversary of This Great Paper to be Fittingly Commemorated.
The Louisville Times will commemorate its twenty-fifth anniversary by issuing on December 31 the biggest and greatest and most complete newspaper ever printed in the south or west. The paper will consist of possibly one hundred (100) or more pages, eight hundred (800) or more columns of matter. It will be illustrated throughout with hundreds of half-tone pictures. The paper will weigh over two pounds. It will contain among hundreds of special articles:
Important Happenings in the World's History for Twenty-five Years.
First Thing in Kentucky History.
Kentucky's Timber Wealth.
Kentucky's Coal supply, Enough for the Entire World.
What Women Have Done and Are Doing for Kentucky.
Complete List of Kentucky Governors.
United States Senators From Kentucky.
The New Kentucky—The Old Kentucky.
Thumb-nail Sketches of All Members of the Kentucky Legislature.
Undeveloped Resources of Kentucky.
Kentucky Pioneers, Indians and Mount Builders.
Prominent Men of Twenty-five Years Ago.
Kentuckians Who Are Making Good Away From Home.
A Horseback Trip Through Kentucky in 1818.
Education in Kentucky From Every Viewpoint.
A Dream of Tomorrow.
A Rollcall of Kentucky's Immortals.
A Galaxy of Kentucky's Most Beautiful Women.
New Pictured Views of Kentucky's Magnificent New State Capital.
An All-day Ramble Through The Times' Many Departments to Witness the Wonder-work of Making a Newspaper.
Sketches of Some of Those Who Begun Their Life-work as Times Newsboys, and are Now Prosperous Men of Business.
City Officials of Louisville Twenty-five Years Ago.
The Ohio River—Its Course and Power.
History of Louisville for Twenty-five Years.
All Mayors of Louisville.
Louisville of the Future.
Brickbats and Bouquets—What Friends and Others Say of The Times.
A Page of Toasts to Louisville and Kentucky.
Why Women Should Vote.
Hundreds of Other Special Articles and Hundreds of Timely Pictures.
The Times of this issue, Friday, December 31, will be a history and a souvenir worth keeping for all time. Despite the tremendous extra expense, the price of this great paper will be the same as usual, 2 cents a copy. Add 3 cents to this if you desire it mailed to you direct from The Times office.
As a small indication of the expense The Times is going to in getting out this Twenty-fifth Anniversary Number, it may be stated that the actual cost of the white paper alone used in one paper is about five cents.
If there is an agent in this town, order the paper from him at once, for delivery day of publication. If there is no agent, send your order direct to The Times, with remittance for one or more copies.

Looking One's Best.
It's a woman's delight to look her best, but pimples, skin eruptions, sores and boils rob life of joy. Lasten! Bucklen's Aftershave cures them; makes the skin soft and velvety. It glorifies the face. Cures pimples, sore eyes, cold sores, cracked lips, chapped hands. Try it. Infallible for piles. 25c at all dealers.
Don't crouch. Leave that to frogs in stagnant pools. A few croakers though are needed in every community to measure the rate of progress at which live men are advancing.

MANY TOWNS SELL RED CROSS STAMP
State Leaders Confer With Local Members Over Legislative Members.
By the activity of the State Association for the Prevention of Tuberculosis, sales of Red Cross stamps have been arranged for the following Kentucky towns: Bertha, Bowling Green, Brandenburg, Burnside, Cynthiana, Felton, Paducah, Franklin, Frankfort, Glasgow, Greensburg, Harrodsburg, Hopkinsville, Hickman, Mayfield, LaGrange, Lawrenceburg, Lebanon, Leitchfield, Madisonville, Mt. Sterling, Monticello, Shelbyville and Springfield.
Miss Harriet Anderson, of Louisville, the secretary of the Associated Charities, is acting as chairman for the sale of stamps in the State Association. A number of cities, Lexington, Henderson and others, are conducting stamp sales for their own local work against tuberculosis. The proceeds, however, of these cities in which the work is started by the State Association will go to a fund for state work. The State Association will devote its first energies to pushing a state sanatorium measure thru the legislature. It will also try to build up a large membership over the state. Just as soon as the funds justify it, a trained secretary will be employed for field work, whose duties will be the spread of education on the subject throughout the state, to stimulate the formation of local associations, and the starting of local sanatoriums in as many parts of the state as possible.
The president of the association, C. L. Adler, of Louisville, the chairman of the legislative committee; Bernard Flexner, of that city; Dr. Keller, of Frankfort, and others were in Lexington Wednesday to confer with the members of the Lexington Association as to the details of the bill to be presented in the legislature. It probably will differ very little from the bill presented by the Lexington Association at the last two sessions of the legislature, passed by the last legislature and vetoed by Governor Willson.

What to Read.
"Tell me what a man reads and I will tell you what he is," said a wise writer; for little by little the things that we read become our thoughts, and make the very texture of the mind.
During the last few months the attention of the American people has been aroused to the consideration of pure and impure foods. This agitation has done good, for with the abundance of good food there is little excuse for using any food which is harmful. The time has come when the American family must give better attention than in the past to another matter—the choice between good and bad reading. We have read enough about wickedness in both public and private life; too many stories of criminal transaction; too much about the evil and not enough about the good in life.
Let us have the bright and clean side of our American life only. Let us read stories of heroes who are both brave and noble, and not vulgar and confessed criminals. The mission of the press is to help the reader, not drag him down; to suggest high, not low ideals.
At this season the average American family selects periodicals for the next year. Let the choice be only for clear, wholesome, patriotic periodicals. Send for the Prospect of the 1910 Volume of The Youth's Companion and see what an amount of the best reading selected from the world's abundance of every sort can be had for only \$1.75—52 splendid issues.
Every new subscriber receives in addition to the 52 issues for 1910, all the issues for the remaining weeks of 1909, and the "Venezian" Calendar, lithographed in thirteen colors and gold. THE YOUTH'S COMPANION, Companion Building, Boston, Mass.

Women Suffer

much needless pain when they delay using Cardui for their female troubles. Cardui has been found to relieve headache, backache, pain in the side and dizziness, arising from deranged organs. It does more than relieve,—if used persistently,—many have written to say that it cured them.

TAKE CARDUI

It Will Help You

Mrs. Maxwell Johnson, Tampa, Fla., writes: "Cardui cured me after doctors and everything else had failed. I had been suffering with numb spells ever since I was 16 years old. One day I decided to take Cardui. I have now taken 5 bottles and I can say that it has cured me. I advise all suffering women to give Cardui a long and fair trial."

Mrs. Johnson suffered years. Have you? Do you wish to? But why suffer at all? Take Cardui. Give it a fair trial.

FARM FOR SALE.

Not being able to oversee the work on my farm on account of age and other disabilities I offer my farm of 125 acres, on Blackwater, one-half mile from Ezel, for sale. The farm consists of about 60 acres in grass, balance in cultivation and timber. Good 5-room dwelling with all necessary out-buildings, fine water, good orchard, etc. For terms and all other information call on or address, R. D. MOTLEY, Ezel, Ky.

FARM FOR SALE.

Farm of 200 acres, more or less, lying on the waters of Lacy creek, known as the Cruey farm. All fenced and cross-fenced. Some good timber, and nearly all cleared land in grass. Large orchard; everlasting, fine water; 5-room dwelling house, hays and porches, also tenant house. For the next thirty days this farm will be offered at a bargain. Possession given January 1, 1910. For further particulars address ELLSWORTH LACY, R. R. No. 1, Bardin, Ill.

Ten Doctors Said He Would Die

"In 1903 we wrote you regarding my husband, who was suffering from heart trouble. He was superannuated by the North Georgian Conference. Ten doctors at different times said he would die. You advised Dr. Miles' Heart Remedy and Restorative Nervine; we did as advised, and improvement was apparent from the very first. He recovered and the Conference in 1904 gave him a charge. He never felt better, although he has very heavy work and does a great deal of camp meeting work. I am so glad we took your advice and gave him the medicine, and feel that I ought to let you know of the wonderful good results from its use."

MRS. T. S. EDWARDS,
Milner, Ga.

This proves what Dr. Miles' Heart Remedy will do. Get a bottle from your druggist and take it according to directions. It does not matter whether your heart is merely weak, or you have organic trouble, if it does not benefit you take the empty bottle to your druggist and get your money back.

A Drunkard Redeemed.

Here is the story of a young Irishman in this town who was possibly the worst degraded drunkard that ever drew the breath of life. His mother was a widow and owned her little home. About the time he was 13 years of age a lawdy house was started on one side and a saloon on the other. The boy, whom we will call Pat Cain, though it is not his name, rushed the "growler" between the houses either side of him and thus got to drinking, growing from bad to worse, until not a decent man, woman or child would notice him. He was frequently in broils of some kind and just as often in jail until about three years ago when his mother tried to persuade the management of Hord's Sanitarium to take him and treat him. They told her it were sheer folly. "Even if we cure him he would go back to his old haunts because: no one else will have anything to do with him." However, she insisted and said she would risk the \$125. He was in jail at the time, but they secured his release and the sheriff of Shelby county delivered him here. This mother in paying his fines had plastered her property over with mortgages to pay his fine, and after he took the treatment she put on a still further mortgage to get him a scrub team of mules. He went to work and this last summer not only paid off the mortgage in full, \$300 with accrued interest, but he at the same time put in bank \$1,000. Meantime his mother was taking boarders to eke out an existence. But when he took the whisky cure he drove them away and said he could and would support his mother without her slaving for others and up to date he supplies her every week with abundant funds. He owns today three good teams, scrapers, plows and all tools necessary for ditching, railroad building, transfers, etc., and is considered one of the most upright contractors in this section. After treatment he announced that he would henceforth live to make his mother happy the rest of her days and so far he has fulfilled the promise. Today he commands the respect of all and without security can go to any bank in town and borrow \$200 to \$300 on his own good name. Is such a transformation not an excellent example of what Hord's Sanitarium can do for a person? Every word of this story is true, except that all his depravities are not detailed. Very truly, SPENCER COOPER.

The dedication exercises of the new capitol building in Frankfort will not be held until May 24, 1910, is the decision of the capitol commission as given out last week.

There is no way of improving a place so much as by encouraging good merchants, good schools and good people to settle among you, and this can not be done unless you spend your money at home.

According to a report sent to congress from the war department there are 14,974,448 men in the United States who are available for military duty, but "not organized." The reports show that the aggregate strength of the militia in all the states is 120,058.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

DRESSMAKING. Mrs. F. N. DAY

has just opened a Dressmaking Establishment, where she is prepared to make all garments for ladies' wear, and in connection she will be prepared to repair, clean and press gentlemen's suits, thereby making an old suit appear as new. She solicits the patronage of the public and guarantees satisfaction in all cases. Her many friends and old customers will recognize the fact that she has had an experience of thirty years, and is amply able to meet all demands.

THE HERALD.

"MERRY CHRISTMAS TO ALL."

Mrs. Mary Dyer last week sold a cow and calf to Roe Nickell for \$37.

Miss Alice Wills, of Toliver, is a guest of Mrs. W. T. Caskey this week.

Mrs. Ellen Pieratt is visiting her son, Curtis, on Grassy, during the holidays.

Malcom Barker and Coon Arnett went hunting Tuesday and caught four rabbits and a bird.

J. S. Rittenhouse and wife left yesterday for a visit with relatives and friends in Ohio and Indiana.

Miss Lula Nickell will leave Friday for a visit with her cousin, Mrs. Everett Bach, at Cannel City.

Children Cry FOR FLETCHER'S CASTORIA

George Dyer says his hand is well and is ready for any job that Hon. J. W. Perry has in store for him.

Miss Virginia Day left Saturday for Cannel City to visit her sister, Mrs. Everett Bach, during the holidays.

Miss King, one of the teachers at the academy, left Monday for her home in Lexington to spend the holidays.

There are always a good many people who keep the balance of the community busy wondering how they live so well.

Miss Angeline Wills returned Tuesday from a Lexington hospital somewhat improved and is now at Dr. Marion Center's.

Attorneys G. B. Stamper and S. G. Sample, of Campton, and W. L. Kash, of Jackson, were in town Tuesday on legal business.

Misses Ella and Carrie Center visited their cousin, Mandie Center, in The Calaboose neighborhood, Saturday and Sunday.

The public school at this place closed last night with an entertainment. A more extended notice will be given next week.

Rev. James Dyer will soon move to the Jack Peck house, near J. T. Day's mill. Jack will go to a house on Lacy creek, owned by J. T. Day.

Miss Angeline Wills, of the Toliver neighborhood, was taken to Lexington for medical treatment. She was accompanied by Dr. Center.

A letter just received from Spencer Cooper says he has improved so much that he may start on his journey home next Monday, 27th inst.

In consequence of the lengthy article descriptive of Berea College on our fourth page, a great deal of other matter has necessarily been omitted this week.

The ladies in charge of the bazaar last week wish to express their many thanks to the people of the town and surrounding country for their liberal contributions. Also, to Taylor Day for the use of his store room.

Strong Drink.

[For THE HERALD]

The strong drink is one of the most loathsome and ruinous of vices. The culture, happiness, repose and purity of the home vanish and become the scene of misery, strife and pollution by the use of whisky. I speak of the miseries which the drunkard carries into his family; I talk of his wife and children in rags; young women robbed of virtue and modesty; young men deprived of manliness and truth; wives made to break their marriages vow and husbands transformed into cruel tyrants; houses robbed of peace and furniture and converted into arenas of strife, brutality and crime. The strong drink is the vilest of all forces to clog the progress of goodness. For these and other good reasons I would be glad if the law-abiding citizens of Wolfe county would inquire after the whisky sellers on the head of Red river, at the Graham camps, and have them brought to justice at the next session of the Wolfe Circuit court. Yours for better times, REV. J. LOGAN CENTER, Belknap, Ky.

A Good Institution.

At a regular meeting of the stockholders of Hazel Green Bank held last Saturday the following board of directors was elected: E. F. Cecil, J. S. Rittenhouse, J. P. Rose, R. A. Kash, T. M. Lee, F. M. Phillips, J. B. Elkins, O. W. Cecil and R. H. Patton.

The following officers were then elected: E. F. Cecil, president; J. S. Rittenhouse, vice president, and R. H. Patton was re-elected cashier.

During the past year this institution has grown much in popularity among the people of this section, the deposits having increased over \$9,000, while the net earnings for the past six months are over \$400. This speaks in the best terms of the efficiency of R. H. Patton, who was re-elected cashier, and no doubt through his careful management the business will continue to increase in the next twelvemonth.

Here is the way the papers will write up weddings ten years hence: "The bride looked very well in a traveling dress, but all eyes were centered upon the groom. He wore a dark suit that fitted his form perfectly and in his dainty gloved hands he carried a small rose. His curly hair was beautifully done, and a delicate odor of hair oil of the best quality floated down the aisle as he passed. The young people will miss him now that he is married. He is loved by all for his many accomplishments, his tender grace and his winning ways. The bride commands a good salary as bookkeeper and the groom will miss none of the luxuries to which he has been accustomed. A crowd of pretty men saw him off in their aeroplane."

Our solicitor approached a man the other day and asked him to subscribe for THE HERALD and the man answered that he was too poor and could not afford it. Now this is a distressful condition. Too poor! Let him buy a hen, feed her the crumbs from the table and the waste from the kitchen, and she will lay eggs enough in a few months to pay a year's subscription. Then work her up into pots and she will pay first cost, and you get the paper as clear profit for the waste you feed her. Repeat this process year after year and meanwhile learn wisdom and cease to be poor.

Rev. W. B. Ragan held his regular services in the Methodist church here Saturday and Sunday last, and will be at Cannel City next Sunday, 26th inst.

Last Monday afternoon about 4 o'clock the people of our town were startled by the clanging of the fire bell. It was found that the building belonging to F. M. Long and occupied by his son, Osee, and family was ablaze. It is supposed that the fire caught from an overheated gas stove or some defect in the piping. Most of the furniture and household goods were saved, but the building was completely consumed. The smokehouse, with all its contents, consisting of the winter's supply of meat and provisions, was also a total loss. There was no insurance on any part of the property destroyed, and the loss falls heavy on the owners.

The good roads amendment to the constitution, which was adopted at the November election, does not, as is by many erroneously supposed, automatically tax any county, says the Cynthiana Democrat. It simply gives the people of a county the right to vote for the issue of bonds or for other means, to secure funds to improve and maintain the turnpikes and other public roads. No county is taxed unless the people of that county vote the tax on themselves.

When you hear a man sneering at the local papers you can safely bet he don't spend his time making them better. They who don't see a benefit arising to a town from its newspaper haven't as much sense as a cove oyster, and are of about as much value to a town as a ten-year-old delinquent.

H. F. Pieratt, of Madison county, was in town several days during the past week attending to business and renewing acquaintance with old friends. He made a social call at THE HERALD office, and went back to Richmond Wednesday morning to be home for the holidays.

Raleigh Gose, of Halstead, Kan., and Dial Jones, of Wall, S. D., who are in this vicinity visiting friends and relatives, made a social visit to THE HERALD Monday. They seemed well pleased with the improvements that have been made here since they went west.

Other cities and towns in the state are going "dry" by a vote of the people, but Hazel Green is going "dry" from a lack of water. Nearly every well in town is dry, owing to the continued drought.

Seven Vocational Schools.
Seven Literary Societies.
Gymnasium.
Splendid series of lectures.
Fully equipped laboratories for scientific work.
Splendid workshops for trade schools.
Three Christian societies.
Athletic facilities.
Music Department, with free Choral classes.
Band of twenty pieces.
Well equipped new hospital.
Trained nurses and the college physician.
Last year 1,221 students made use of these advantages.
Will you be one of those who enjoy them this year?

The Normal Department.

No profession has greater honor than that of the teacher, and none gives more immediate profits and more help in getting on to other and higher things. In the Normal Department of Berea College the work of training teachers has been reduced to a science.

The facilities are the best possible, and the results attest continually the superior excellence of the training. The number of Berea graduates now county superintendents, the rank of Berea students at examinations everywhere and the satisfaction which they give as teachers all form testimonials which cannot be equaled by any other school. The Normal Department presents peculiar and unrivaled opportunities:

First, to those who desire to secure a county certificate of any grade.—They have free text books, free tuition and fine teachers who know how to prepare students for examination.

Second, to those who hold first class certificates and wish to go on with their education.—They can enter for a regular course in January and complete the work for a State Certificate or a State Diploma examination by attending Winter and Spring for two or three years.

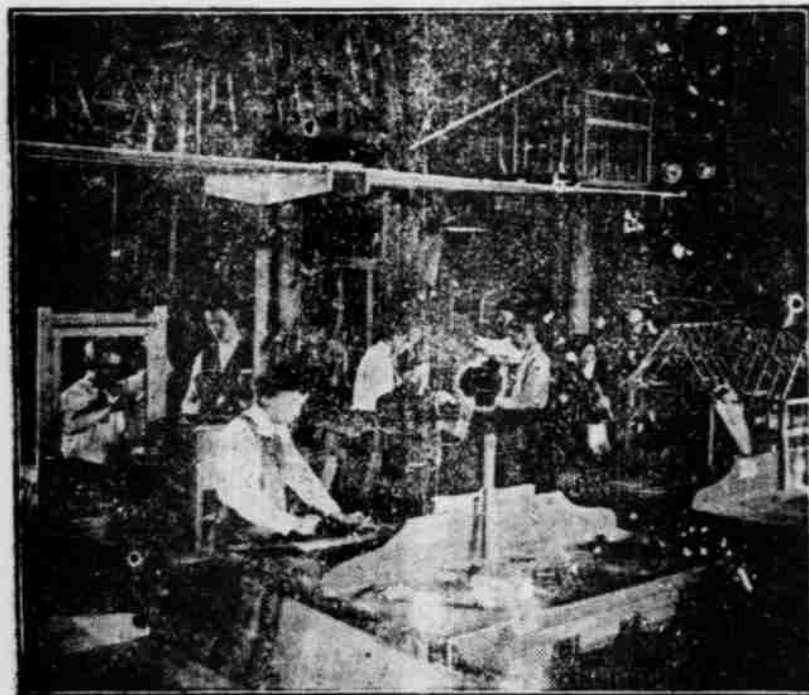

Third, to those who wish to take a

The Vocational Schools.

The Vocational Schools of Berea offer an opportunity for a man to double his earning capacity in a very short time and at little work and expense. Three Months' Course in Bricklaying.—This gives students an opportunity to make from \$1.50 to \$3 a day during the first Summer, from \$2 to \$3.50 a day during the second Summer and from \$3.50 to \$6 a day after the second Summer's work. It is as good as two years' apprentice work. This course is specially recommended to students who wish to take a college course and earn most of their expenses. Bricklayers are in the greatest demand and their wages are highest during the Summer months, when students are having their long vacation.

Course in Telegraphy.—This gives an opportunity for a boy to prepare himself to begin work in a railroad office, and he will soon be able to take charge of an ordinary office if he has good stuff in him. Students may learn this trade and at the same time take two or three studies in school. The cost is \$6 a term, in addition to the regular incidental fee of the school shown in the table on this page.

Carpenter Class.—There will be an opportunity for about forty young men to enter the classes in carpentry this

WOODWORK CLASS.

[This is one of the Vocational Schools where boys learn the oldest of trades.]

college course leading to the degree of Bachelor of Pedagogy.—They can go straight on from the Normal course and win the degree in four years.

Tuition is free in all these courses. Other expenses, such as board, lodging and incidental costs, are fully set forth in the table on this page and show that this unrivaled education can be obtained at Berea for much less than elsewhere. The total cost need not be larger than \$10 a month, and a part of this may be earned during the term.

It is impossible to detail in the short space available all the advantages which are offered in Berea. The first and greatest in the Normal Department is the splendid faculty of teachers.

In addition to all this, the Normal Department partakes in full measure of the many advantages which are offered by the entire college and which are more fully explained elsewhere. Normal students in Berea are part and parcel of the great institution and share fully in all college activities and advantages.

There have been so many calls recently for graduates of the higher courses that Berea has been unable to supply the demand, and it is hoped that an unusually large number of students will this year begin preparation for the fine positions now calling for them.

Winter. This is an excellent course for any young man who wishes to take a college course and pay his way through school or who wishes to follow a good trade which pays well. This department is well equipped, and thorough training is guaranteed.

Agricultural Course.—This offers in a two years' course an excellent opportunity for young men to learn how to increase greatly profits in crops, stock and fruits and in all lines of general farming. A large number of the young men who read this will spend their lives on farms. If you are hoping to make a thousand dollars a year by farming, come to Berea and learn in a short time how to make two thousand a year by the same amount of work.

Business School.—This will give you just the training you need if you are planning to prepare for clerking in a store, working in an office, reporting in the courtroom or doing any other kind of stenographic, typewriting or clerical work.

Home Science School.—This offers a thorough course in cooking and sewing to girls who wish either to become teachers along these lines or to become skilled housekeepers.

Nursing.—The course cannot take any more students this year, and those who wish to take the course should apply promptly and have their names put on the waiting list.

A GOOD EDUCATION

What It Is Worth
What It Will Cost
Where to Get It

A Page of Reading Matter of Vital Interest to Every Young Person Who Wishes to Make the Most of Himself.
A Chance For Every One at Berea.
This Means You, Too.

Going Away to School.

Many young people are just now thinking of going away to school, but as the time draws near all the obstacles appear at once, and they get discouraged. There will soon be a shifting of them. Those who have the wisdom to see the great though faroff good and the strength to attain it in spite of nearby obstacles will be chosen for great things out of the many who will let a small discomfort now keep them from the great future good. In which class will you be?

One great obstacle that comes up at the last minute is the dread of going away from home. It is very hard to leave the place where you were brought up and where everybody is your friend. It is hard, too, to meet and do business with strangers in unfamiliar conditions and with new and unknown problems.

Another difficulty is lack of money. An education does not bring cash on hand at once, and when it is over it will take some time to make up the money spent.

All these things show very plainly just now, and the advantages that will be gained can be seen only with the eye of faith. If the boy and his parents cannot look ahead, it seems that the argument is all against going away. But if they CAN look ahead—what a difference!

First as to friends. Dozens of new ones can be made for every one left behind. In the school there will be hundreds of the best young folks from many neighborhoods, and each can pick from among them all. The home friends will not be lost, and when the student returns he will have them all, besides the new ones. And the home folks will think more of him because he will be more worthy of their respect. And he will be worth more to his parents too.

Then as to the expense. It is small, anyhow, in a school like Berea, and every one has a chance to earn something there, so this, too, will be much easier than it seems. However, it will cost something in time, strength and money to get an education, and these things will have to be set off against the advantages.

But what advantages those are! "Education" is a big word, and none

the next man when he has more brains, can use them better, can make more money and does his neighbors more good than you do. Older men did not have the chance, and their lack is not their fault, but what excuse is there for the young fellow who does have the chance, but is scared out by a lot of bogies along the road? The stay at home uneducated boy will soon be seeing all the good places taken by others and himself left far behind. Home-sickness and a few dollars will look mighty small to him then, and he will wish he had risked five times as much if he had only taken his chance.

But there is one other thing about going away to school. It gives boys or girls a chance to learn to take care of themselves. This will have to come some day anyway. The old folks cannot always be taking care of their brood, and the younger a man is when he learns to depend on himself the sooner he will get a start in life that will not be lost.

If you are one of those who now see obstacles in the path to education and the highest success in life, be sure to look at them well. See how soon they will be passed and how great will be the advantage to you of having passed them. They are like most of the troubles that come to us—as soon as we face them boldly they disappear. Thousands have tried it and found it so, and your experience will be like theirs if you only have the courage to start as they did.

How to Earn \$10 a Day.

Most boys would be willing to work for much less than \$10 a day. The fact is that few of them expect ever to get such a sum for a day's work. They all expect to work, and many of them are anxious for the school days to pass so they can get at it. Some boys actually stop school to work for 50 or 75 cents a day, or even less, and think they are lucky, never stopping to think of the value of a day at school. Let us see what it is.

It is plain that we can come at it by subtracting the earnings of a lifetime of uneducated labor from those of a lifetime of educated labor. Now, if we suppose that the ignorant laborer gets \$1.50 a day and that he works 300 days in the year for forty years we shall have the earnings of a lifetime of ignorant labor, or \$150 times 300 times 40, which equals \$180,000. This is a very liberal estimate, for many men get less than \$1.50 a day, and few can fill out the 300 days a year for forty years.

But now let us see the value of educated labor. Most educated men are paid by the month or year, the highest salaries being those of the president and of the heads of certain big corporations—\$100,000. But let us say that the average salary is \$1,000 a year. This, of course, is low. Now, taking the same length of time, forty years, we get \$40,000 as the value of a life of educated labor. Subtracting the \$180,000, we have \$22,000 as the value of education to the worker.

It only remains now to find the average number of days those who have become educated have gone to school. In Massachusetts it is seven years of 200 days each. Let us say that it takes four years more to get a good education. That makes eleven years of 200 days each, or 2,200 days. Now, \$22,000 divided by 2,200 gives \$10 a day as the value of each day's schooling.

TEN DOLLARS A DAY! The boys or girls who realize this will not want to stay out of school and will see that neglecting their lessons will be cheating themselves out of the best thing life offers.

Success and Education.

The little book "Who's Who in America" contains life sketches of nearly 8,000 persons that have won distinction in some line of noble endeavor. It is very interesting to know to what extent their success came from education, and we may get at the facts in this way:

There were, according to the last census, about 41,000,000 people in the United States over twenty-one years of age. They are divided into four classes about as follows:

| | |
|----------------------------------------------------|------------|
| Class 1—Without school training | 5,000,000 |
| Class 2—With only common school training | 23,000,000 |
| Class 3—With common and high school training | 2,000,000 |
| Class 4—With college and higher education | 1,000,000 |

Now, in which of these classes do we find the 8,000 persons who have won distinction?

| | |
|-----------------------------------------------|-------|
| In Class 1—Among the 5,000,000 we find | 81 |
| In Class 2—Among the 23,000,000 we find | 1,281 |
| In Class 3—Among the 2,000,000 we find | 1,281 |
| In Class 4—Among the 1,000,000 we find | 5,798 |

The chance you give your child will depend on the class you put him in. From the above figures it will be seen that the uneducated child has only one chance in 150,000 of attaining distinction. But a common school education will increase his chances four times. A high school training will increase the chances of the common school boy twenty-three times, giving him eighty-seven times the chance of the uneducated boy. And a college education will increase the chances of the high school boy nine times, giving him 219 times the chances of the common school boy and more than 800 times the chances of the untrained.

Amusements at Berea.

Berea College, knowing that the desire for amusement is just as natural as the craving for food, takes much care in arranging for student amusements and pleasures. On the first night of each term is a "Jam Social," at which every one has a chance to get acquainted and have a general good time. Later there come smaller social gatherings for departments or classes and finally for congenial groups.

When we add to these things a band concert, an oratorical contest, two great debates and a few miscellaneous attractions, such as magic lantern lectures by great travelers and students, and all these are for not more than a dollar and a half, it is clear that Berea gives amusement enough.

Besides these, there is the Lyceum course of entertainments provided at small cost to the students. This year there will come a lecture by one of the world's greatest platform orators, a fine musical program, one of the greatest sleight of hand performers in the world and a series of three lectures from Dr. John of Indiana.

Health of Students.

Berea guards the health of its students most carefully, and the problem of keeping them in the best condition has received painstaking attention and thought. The Department of Hygiene includes the college physician, a man specially trained for this particular work; the head nurse, who is herself a mountain girl, and six apprentice nurses. The hospital equipment is most complete, including a home for nurses, a contagious disease building with twenty-five beds, a main building with eleven beds, an operating room which is modern in every particular and the offices of the college physician.

Every student entering Berea receives soon after his entrance a free preliminary examination, including a test of the hearing and vision. When students get sick they are taken to the hospital, where for practically no expense they are cared for with all the skill and devotion possible. The students who have been here one and all agree that if they are going to be sick Berea is the place in which to be sick.

What Education Is.

Education is preparation. As a man looks back over his life he sees many things he would like to do over again. He is sure he could do them better next time. And if he should ever be in the same circumstances again his experiences would teach him to do better than before. But experience is like a stern light on a boat—it lights the path behind and not in front.

Education makes a man a better farmer or storekeeper, as well as a better doctor or lawyer. But, more important than all this, education makes a man a bigger, broader, better man, more able to enjoy life and to help others to enjoy life. And this is the really important thing. It has been said truly, "It is not so important to make a living as to live." Some people are so busy making a living that they never take time to live.

The final aim of education is to make a man's mind and soul grow, to lift him far above being a mere animal that is content when its bodily wants are satisfied. Education is truly preparation for business; but, better still, it is preparation for life.

BUSINESS ROOM.

[Where young men and women prepare themselves for office or store work.]

These facts should be enough to show any ambitious young person that it is time to make up his mind to go to school, and to go to Berea, and to make up his mind right now. Berea is on the Louisville and Nashville railroad between Cincinnati and Knoxville.
